Maruni Collection was born in January of 2008.

Maruni Wood Industry has been aspiring to produce furniture that will be cherished for a long time, and therefore we have taken our time to slowly and further enhance its world. This year, we are commemorating the third year since the launch of the Hiroshima series, and would like to introduce a new color: mat white.

The soft milky white color wraps the Hiroshima like a veil, and it still keeps the dignified appearance. Its shading is much more gentle, and its faint shine is impressive. It will look good in light-filled dining or kitchen areas near the window. The white Hiroshima even looks like a sculpture with the mat finish.

Please enjoy the feel that can only be experienced with this particularly chosen color and shape.

The new color will be available for ordering from February 1st, in 19 countries including Japan.

Hiroshima Mat White *Ordering available from 2/1/2011 in Japan and international.
