

## Maruni Collection 2017 – New Product Information

All Photography by Yoneo Kawabe

This year Maruni expanded both families of T&O by Jasper Morrison and HIROSHIMA by Naoto Fukasawa. The new lineup includes: T&O round/rectangular tables made of either solid wood or a veneer top; a new choice of ash as material for the T&O family; an upholstered version of HIROSHIMA stackable chairs; and HIROSHIMA stackable chairs and stools with the legs featured in either a brushed finish or a mat black powder coat. Yarn dyed ‘MAYA’ fabric by FIDIVI which has high fire resistance has also been added to the fabric selection for Maruni Collection. These additions present a wider scope of possibilities for the collection to be used in any location.

We invite Jasper Morrison and the art director, Naoto Fukasawa, at the stand to celebrate our ninth year of participating at the Salone Internazionale del Mobile on 4th April 2017. We look forward to seeing you at the main Hall 16.

**/// MARUNI COLLECTION 2017 JASPER MORRISON, NAOTO FUKASAWA ///**

Dates: Tuesday, 4 April – Sunday, 9 April 2017

Venue: Rho Fiera Main Venue, HALL 16, STAND D49

We will hold press event at the Tokyo exhibition in May and interviews with two designers are scheduled there again. Please contact [press@maruni.com](mailto:press@maruni.com) for booking in advance. Please see the last page for further information of the Tokyo exhibition.

# < HIROSHIMA New Arm Chair Stackable and Stool / Naoto Fukasawa >

The upholstered version of the HIROSHIMA stackable chair has been newly added to our lineup. The soft texture and color shades of leather and fabric blend in with the beautiful solid wood. The stainless steel leg comes in a new choice of either a brushed finish with an elegant soft sheen or a mat black powder coat that gives a soothing impression. This new variation provides a diverse look to stackable chairs and stools. These attractive products are perfect for any location.

## HIROSHIMA ARM CHAIR STACKABLE (cushioned)

Designer:	Naoto Fukasawa

stainless steel base, black powder coated

Dimensions: W458 D421 H902 SH782

## < T&O Table / Jasper Morrison >

Following last year's successful launch of the T&O chair and stool for Maruni, Jasper Morrison has designed the T&O table which continues the theme of wood and painted steel in a variety of shapes and sizes. The familiar typology and the contrast of wood and painted steel are an excellent fit with both T&O family and other variations of chairs from the Maruni Collection.

### **T&O TABLE 240 (rectangular, veneer top)**
