Fugu / TABLE

Fugu DiningTable is a solid wood table with a soft and characteristic ellipse shape.The round contours underneath the table give the table a soft silhouette. Fugu has sense of familiarity to its design, and blends in well as if it had always been part of the room. It can be set in a variety of different spaces including homes and offices.

DESIGN

JASPER MORRISON , 2021

The Fugu family counts several chairs so it was a natural step to design some Fugu tables. The tables share the same edge detail and similarly straight round legs with the chairs to provide a dining /meeting height and a low table height for living rooms and lobbies.
