

HIROSHIMA / OPEN SHELF

DESIGN

Photo by Nacása & Partners Inc.

NAOTO FUKASAWA , 2024 -

"This open shelf is designed to complement the HIROSHIMA Sofa, providing a space for items like water pitchers, books, flowers, and other small objects you may want to temporarily place or display freely. It adds pleasure and richness to the sofa-centered living space. Constructed with 21 mm thick wood panels, its shape harmonizes with the diagonal slope of the HIROSHIMA Sofa's back, offering a unique and sculptural beauty."

WARRANTY

We will guarantee the product for two years from the date of delivery of the product. For the content of quality assurance please see the "Warranty Policy" included in the product.

TECHNICAL INFORMATION

WOOD

The wood used in this product is obtained from beech trees in Europe and ash, oak or walnut trees in North America that are managed and felled in a planned manner. We can also manufacture furniture using certified wood upon request; however, please note that it may take several months to procure the necessary materials. For more details about certified wood, please refer to the [dedicated webpage](#).

TABLETOP

The tabletop is 21 mm thick and made from solid wood.

VOC

The coating and glue used here reduce VOC emissions in manufacturing processes and finished products. These materials have been tested for formaldehyde emissions in accordance with the ISO12460 standard and confirmed not to exceed the 0.4 mg/l emission level.

PURPOSE OF USE

Indoor

Maruni Wood Industry has established various test standards and designs for comfortable use. However, the use of products beyond the expected scope can lead to cracking and snapping of wood parts. There are several things you should keep in mind in order to properly preserve the product and continue using it for a long time. Therefore, be sure to read the instruction manual beforehand.
